Conquer and Govern: Early Chinese Military Texts from the Yi Zhou shu. China's Warring States era (ca. 5th-3rd century BCE) was the setting for an explosion of textual production, and one of the most sophisticated and enduring genres of writing from this period was the military text. Social and political changes were driven in large part by the increasing scope and scale of warfare, and some of the best minds of the day (including Sunzi, whose Art of War is still widely read) devoted their ...

In addition, this study presents a careful reconstruction of the poetic structure of these texts; analyzes their place in the broader discourse on warfare and governance in early China; introduces the many text historical problems of the Yi Zhou shu itself; and offers a synthetic analysis of early Chinese thinking about warfare, strategy, and the early state’s use of coercive power. Conquer and Govern will find a ready audience among specialists and students of Chinese philosophy and ...

The Qing dynasty, officially the Great Qing (), was the last imperial dynasty of China. It was established in 1636, and ruled China proper from 1644 to 1912. It was preceded by the Ming dynasty and succeeded by the Republic of China. The multiethnic Qing empire lasted for almost three centuries and formed the territorial base for modern China.

...

The dominance of the nomads ended in the 16th century as firearms allowed settled people to gain control of the region. The Russian Empire, the Qing dynasty of China, and other powers expanded into the area and seized the bulk of Central Asia by the end of the 19th century.

## **History of Central Asia - Wikipedia**

As in all regions conquered by the Chinese during the Han dynasty (206 bce -221 ce, with a brief interruption in 8-23 ce), the establishment of direct Chinese rule was accompanied by efforts to transform the people of the Red River delta into Chinese. Local customs were suppressed, and Chinese customs, rites, and institutions were imposed by force.

The Song Empire (960-1279) was generally prosperous and at the time it was the world's most powerful empire economically, scientifically, and militarily. However, the Song Dynasty came under constant threat from northern enemies, and after 319 years they were conquered by the Mongols.

## **The Song Dynasty (960-1279): China History and Culture**

The chaos and political void caused by the collapse of the Tang Dynasty (618-907 CE) led to the break-up of China into five dynasties and ten kingdoms, but one warlord would, as had happened so often before, rise to the challenge and collect at least some of the various states back into a resemblance of a unified China.
