Honda GX120 T1 WKT2 (GCAAT) - Honda Engine, Made in ...

After a 21-year production run, Honda completely redesigned the GX160 for 2012. The newer version is referred to as the T2 while the older version is called the T1. Externally, the two engines are similar, but internally they are very different. Not many parts interchange between the first generation GX160 and the second generation GX160.

The GX160 T1 engine will be replaced for manufacture during 2012 with the GX160 T2 engine, and there are a lot of differences between these two engine types. In fact only a few components remain the same on this new engine, so the purpose of this guide is to forewarn you of what you might expect when you first encounter a T2 out in the field.
