British Army and Royal Navy Military Uniform Buttons of ...

Most buttons I have seen from the war have some sort of design on them, often an eagle or a cannon (for an artilleryman) for the Americans or a crown for British regiments. To have no design was unusual to me. However a seller of military buttons from the Civil War and the War of 1812 had a listing described as described as: "Pewter Gator Button.

William Leigh: Revolutionary War & War of 1812 Era Collectors

Buttons sewn to military uniforms and worn during conflicts are among of the most popular areas of military-related collecting.In the United States, buttons from the Civil War are especially sought after, and are often described as being "dug" and or "non dug," depending on whether or not they have been excavated. That, however, does not mean that a tarnished button is evidence of authenticity.

Amazon.com: Military Buttons War of 1812 Era Bois Blanc ...

With the shortage of materials during the 1812 War, a few of the samples got released, or issued possibly as replacement buttons, and were used by some Artillery soldiers during the 1812-15 war. Very few of these Specimens Exist, and so far, all have been found in 1812 encampments in New York and New Jersey.

*1802 - George Washington Inaugural Buttons

Starting with the War of 1812 more stylish buttons were used by American officers. Given a wide latitude within regulation they would be able to introduce all types Federal style eagles with accompanying regimental numbers or floral designs. Afterward Army regulation would appropriate money for soldiers with approved regulation styles.
